About PYN

Philadelphia Youth Network (PYN) equips young people to build lifelong skills, pursue meaningful careers, and embrace change with confidence — so they can thrive in the workforce, experience economic mobility, and strengthen their communities.

We create coordinated systems, programs, and partnerships to promote the attainment of academic achievement, economic opportunity and personal success.

Our Vision: A city where every young person has access to education, employment, and pathways to success.

In the center, a young man with short dark hair and glasses is smiling and looking towards the camera. On the right, another young man with short brown hair is smiling and looking towards the camera. They are all dressed in casual attire. The background shows a modern building with large windows and a staircase.
